

Thanks to Executive Editor Jim Wood & our friends at Marin Magazine for the nice piece in the August issue in their "FYI: Causes" section about Bread & Roses mission to provide hope and healing through live music. Marin Magazine staff attended several recent Bread & Roses programs at the Manzanita Child Development Center in Marin City, The Cedars in Ross and the Canal Family Support Center in San Rafael. Kudos also to performers Ira Marlowe (singer-songwriter/guitarist), San Domenico's Virtuoso program (classical music) and Johnny Kearns (magician/clown/juggler). Your support means so much... <http://www.marinmagazine.com/Marin-Magazine/August-2010/Music-Therapy/>
